7 Any Other Business:

1. Cllr. Hegarty raised the issue of the road at Gortavada at Ballymacoda where works have taken place recently and started a road safety audit needs to take place at this location to allay the fear of drivers. Cllr. Collins seconded this matter.

Mr. Dave Clarke, Senior Executive Engineer informed the Members that there are no existing issues at the T Junction on the road from Youghal to Ballymacoda and stated that the primary safety concern was in relation to traffic heading from Ladysbridge to Youghal where there was a high risk of a “drive through” by drivers not familiar with the road. The Engineer stated that he will refer to matter to the design team at the Non National Roads Office for review and will revert back to the Members at the March meeting.

2. Cllr. McCarthy raised the issue of an overflowing manhole at the bus stop on the main street in Castlemartyr. Mr. Dave Clarke, Senior Executive Engineer will investigate this matter.

3. Cllr. Twomey asked if pothole repairs could take place on the L3626 from Coppingerstown to the Rocky Road.

4. Cllr. Twomey read the following email from the Príomhoide of Gaelscoil Mhainistir na Corann.

As you are aware Gaelscoil Mhainistir Na Corann is a growing and developing school with a current enrolment of 508 pupils. We will have in excess of 530 pupils next September and up to 650 pupils will attend the school within the next four years. Increasing enrolment brings with it increased traffic at school opening and closing times. The car park which the Board of Management installed and the pedestrian access at the side of the school have helped to alleviate somewhat the traffic congestion. However the pedestrian entrance has also introduced a new hazard of children crossing the road, some of them unaccompanied . We have had a number of calls from local residents and parents informing us of near misses! At that stage we feel that it is essential that a pedestrian crossing /traffic calming and or traffic lights are installed. We note that the other primary schools in the town have these facilities . Gaelscoil Mhainistir Na Corann has the largest school population at present and surely warrants the same attention to ensure the safety of children coming to and going home from school.

Cllr. Twomey requested that an application be made to have the lights commissioned. Cllr. Collins seconded this request.

Mr. Dave Clarke, Senior Executive Engineer informed the Members that the lights at this location are not taken in charge and stated that the junction at the traffic lights needs to be modified and ramps installed to slow traffic, the Engineer also informed the Member that the bus layby is to be relocated to the west of this location.

5. Cllr. Aherne asked if there was any update on when the sign for Cork at Knockgriffin will be moved.

Mr. Dave Clarke, Senior Executive Engineer informed the Members that a proper survey needs to be carried out at this location firstly and he will then look at the issue of the sign.

6. Cllr. Linehan Foley informed the Members that the Department has allocated €50.5m for roads in Cork which is 14.5% up on 2018.

7. Cllr. Linehan Foley raised the issue of dog fouling and requested that signage be erected to encourage dog owners to avail of free pooper scoopers and also to encourage the public to report any dog fouling issues.

Cllr. Twomey supported this issue and stated that legislation needs to be stronger and penalties and fines need to be increased to tackle this issue.

Mr. Joe McCarthy, Municipal District Officer informed the Members that dog owners have a legal responsibility to clean up after their dogs.

8. Cllr. Linehan Foley asked if Casual Trading Forms are available in the offices of the East Cork Municipal District.

Helen Mulcahy, Senior Staff Officer informed the Members that licences for Youghal have been advertised in the East Cork Journal with a closing date for the 15th February next and stated that there are two spaces in the Strand area and 1 space for a Coffee Dock and also stated that there are other spaces in Dolphins Square which are not availed of.

9. Cllr. Hegarty proposed that the time of the meetings of the East Cork Municipal district be brought forward to a 10.30 a.m. start. All the Members were in agreement with this proposal.

10. Cllr. Collins announced his candidacy for the forthcoming local elections and wished all contestants success.

The Members agreed that the next meeting of the Municipal District take place on March 4th 2019 at 10.30 a.m. at Pearse Memorial Chambers, Midleton.

This concluded the business of the meeting.
